## THE COLIMA'S CARGO.

Reports That Improper Loading Caused the Disaster.

THE MEXICANS WILL TAKE ACTION

Orders Issued That Hereafter All Vessels Touching or Leaving Mexican Ports Must Carry Their Cargoes in the Holds, Instead of On Deck.

SAN FRANCISCO, June 3 .- The condition of the cargo of the Colima when she left Mazatlan is important, in view of telegrams printed on Saturday. In these dispatches, from three different sources, comes the statement that the cargo of the Colima shifted and that the steamer was top heavy because of the deck load.

These statements come from survivors, who related them on the San Juan and at Mazatlan; from Mazanillo, where some of the survivors remain, and from information given to George H. Herbert, manager of the Manzanillo and Colima railroad. The question is, was the loss of the Colima due to bad stowing of cargo and to a deck load too great for the steamer to bear in

Alexander Center, general agent of the

Pacific Mail Steamship company, of this city, said positively that he does not believe the statement that the cargo had shifted during the gale, and he declared that the Colima was loaded in the best possible manner, and was anything but overloaded when she passed out of the harbor of San Francisco on May 18. Mr.

Center denied that Colima carried dynamite, as reported, but said their was a quantity of gunpowder on board, which was stored in the magazine.

Mexico's Government Takes Action.

CITY OF MEXICO, June 3.—The Mexican government will henceforth take strict cognizance of the manner in which all ships touching at Mexican ports are loaded. An official dispatch was received yesterday at the war department saying: "The Colima disaster was caused by the heavy deck cargo. As all of the ships of the Pacific mail company are loaded in this manner, and other Mexican boats have the same custom, I beg of you for future instructions on this point." Orders were today issued to all principal ports to detain in the future all national or foreign hoats touching at Maxican ports which carry their cargoes on deck. and insist that the cargo shall be carried in the holds.

of the steamship Colima say that a heavy sea struck her, and the large deck load of lumber and cargo shifted, the vessel being overturned. Bad stowage is reported to be the cause of the disaster. Twenty-one persons are reported saved and 195 lost.

Death of Sir James Bacon,

LONDON, June 3 -The Right Hon. Sir James Bacon, P. C., is dead, aged 97 years. Sir James was the eldest son of the late Mr. James Bacon, barrister-at-law of the Middle Temple. He was called to the bar at Gray's Inn in 1827 and afterwards became a member of Lincoln's Inn. of which he was a member at the time of his decease. In 1888 he was appointed commissioner of bankruptcy for the London district, and continued to hold that office until the end of 1899, when he was appointed chief judge in bankruptcy. In August, 1870, he succeeded to the vice chancellorship vacated by Sir William Milbourne James, and in 1875 was made a judge of the high court of justice, chancery division. He was appointed a member of the privy council upon his retirement in 1886.

Sheep Killed by Hailstones.

Houston, Tex., June 3 -From Paint Rock, Conche county, comes an account of an awful hailstorn. The stones were of an enormous size, and when one of them struck a sheep on the head it knocked out its braids. Many sheep were killed or wounded. Several persons sustained severe injuries, being caught by the storm, Crops were utterly destroyed and large limbs were torn from trees. There was not a window light left in the neighboor-

Nearly Dead from Starvation.

EGG HARBOR CITY, N. J., June 3.-Mrs. Peter Brown, who was reported missing for three days, was found in the dense cedar swamp in Weekstown by her son, Edward Brown, who resides at Bridgeport, N. J. She was on her knees and about to die from starvation, having lived fully two days without any food. Slight hope is entertained for her recovery on account of her old age.

Crushed by an Elevator,

READING, Pa., June 3.-Charles Hoffman, an elevator boy, aged 14 years, in Dives. Pomeroy & Stewart's store, died from injuries received while running the elevator. One of the employes entered the lift and started it and the boy in attempt ing to get in while it was going was caught at the second floor and so badly crushed that he died.

bolical crime, bearing some resemblance to the terrible tragedies of Emanuel Church, was unearthed by the discovery that Miss Nellie Harrington, aged 35, who occupied an upper flat at 1017 Ellis street, had been outraged and murdered in her bedroom, the door locked and her clothing and furniture of the apartment set on fire. The room had been ransacked and her jewelry and purse stolen. The woman's body was covered with stab wounds. The theory of the police is that while a thief was in the room Miss Harrington entered. The man murdered and assaulted her, set fire to the bedding to hide his work, and after looting the room escaped.
Occupants of the house told the police of an elderly man who called frequently on Miss Harrington and who took her out driving. In the murdered woman's room was found a photograph of ex-State Sen-ator L. W. Buck, one of the most prominent fruit growers of the state. The peo-ple of the house identified the picture of Buck as that of the man who called to see Miss Harrington. The police went to Senator Buck's house in Oakland and requested him to come to San Francisco and tell what he knew of the case. Mr. Buck started to drive to the station, but on the way was thrown from his buggy and seriously injured. He is suffering from concussion of the brain and may die Senator Buck was at his home in Oakland between the hours of 11 and 3 o'clock, and it is known the murder was com

mitted between 11 and 1 o'clock. A young Japanese who had engaged a room in the house has been detained pending investigation, but it is not believed he

had anything to do with the crime.

Death of Miss Emily Faithful, LONDON, June 3 .- The Times announces the death of Emily Faithful. Miss Emily Faithful was born in 1835. She was presented at the English court in her 21st year. Becoming interested in the condition of women, she collected a band of female compositors, and in 1860 founded a typographical establishment in which women as compositors were employed, and for which she obtained the approval of Queen Victoria, who appointed Miss Faithful printer and publisher in ordinary to her majesty. For many years she advo-cated the claims of women to remunera-tive employment, and visited the United States three times as an organizer of working women. Afterwards she published a book entitled "Three Visits to America," which had a very extensive sale.

Insurgent Band Surrenders. HAVANA, June 3 .- Word has been received from Guantanamo of the surrender of forty-four insurgents who had become dispirited after the action at Jobito May 13, in which the insurgents under Macco were defeated and the Spanish Colonel Bosch killed. Captain General De Campos has left Santiago in the direction of

The Distinguished Invalids.

WASHINGTON, June 3.-The condition of Representative Hitt continues to improve notwithstanding the heat. Miss Mary A Dodge (Gail Hamilton) had another bad turn yesterday, but her general condition shows no material change.

The Sultan Apologizes.

CONSTANTINOPLE, June 3 .- The sultan has sent his private secretary to the English, French and Russian ambassadors here to express his profound regret at the Jeddah outrage (an attack by natives upon the consular representatives of those powers), and to inform the ambassadors that the offenders would be court martialed and punished. Ten Bedouins have already been arrested, but it is feared that it will be very difficult to discover the real offenders, as the event happened at twilight.

Trolley Car Jumps Down az Embankment. SYRACUSE, N. Y , June 3 .- A trolley car

on the Syracuse street railway's North Sabina street branch, bound for the Lake shore with twenty passengers, jumped the track just north of the Oswego canal bridge and rolled down a twenty foot embankment, landing bottom side up. All of the passengers were badly shaken up, and none escaped without slight injuries. William McLaughlin sustained a fracture of the left arm, and a Mrs. Ball received a

fracture of the collar bone. The Formosan Republic Unpopular.

LONDON, June 3 .- The Hong Kong cor respondent of The Times reports that the Formosan republic is not popular, and is clearly only an official movement, having no connection with the southern agita tion. The presiden of the new republic, Tang Ching, commands 100,000 Swatow, Hunan and Canton braves, together with the militia of Hakka, all well armed with Mauser, Lee and Peabody rifles and Winchester carbines, with plenty of ammuni-

Water Famine at Atlanta.

ATLANTA, June 3 .- This city is suffering from the worst water famine in its history. Yesterday the big water main carrying the city's entire supply broke, and since then the pipes have been dry. Hotels and other large consumers hauled water in improvised carts while private familles resorted to long unused wells.

Heat Victims Near Philadelphia.

PHILADELPHIA, June 3.—The hot spell In this city and vicinity continued yesterday without perceptible abatement. At 8 o'clock in the morning the temperature was 86 degs., and it rose steadily until a maximum of 95 was reached at the signal service bureau at 2.15 p.m. On the surface nearly all day it was in the neighborhood of 100. Late Saturday night an unknown man succumbed to the heat in Fernwood, and died a few hours later. From papers found on him it is thought that he was E. Weiss, of New York. Mrs. Ellen Casey, aged 50, was overcome at her home in Wilsontown, Montgomery county, and died shortly afterward. Henry Stuggardt, aged 30, was looking at a thermometer in Jenkintown yesterday afternoon, when he collapsed, and it is thought he will die. A large number of prostrations were reported.

Killed by Heat at the Capital. WASHINGTON, June 3 .- Yesterday wit-

nessed no cessation of the torrid heat which has prevailed continuously since Decoration Day. The thermometer registered 96.6 degs. at the weather oureau. Several heat prostrations were reported, among them being John Murry, a stone mason, who died before medical aid could reach bim. James P. Robinson, a Pullman porter on the Pennsylvania road, was brought into the city last night in an unconscious condition from heat prostration, and is lying in a critical state at Emergency hospital. Robinson was on duty. being on his way to Washington from

Few Heat Victims in New York.

NEW YORK, June 3 .- It was the warmest June 2 yesterday since the weather burean was started in this city. At 4 o'clock in the afternoon the thermometer went up to 94 degs., but from that hour it got gradually cooler. There were few persons overcome by the heat. The police reported only ten cases. This was accounted for by the fact that the overpowering heat of the two previous days had acted as a warning, and the people used proper precautions. The nearest approach to yesterday's heat on a corresponding day was in 1891, when it was 85 degrees. The only June 2 when t was so warm before was in 1877. Then also it was 85 degrees. Forecaster Dunn say, the weather will be quite comfortable tomorrow.

The Torrid Wave.

Dispatches from different sections of the country give the state of the thermometer as follows: At Savannah, Ga., 98; at Millen, Ga., 104; at Raleigh, N. C., 99; at Bloomington, Iils , 100; at Philadelphia, 100, at New York, 94; at Baltimore, 95; at Quincy, Iils., 96; at Washington, 96; at Cincinnati, 94; at Louisville, 97.

An American's Claim Against Hawaii.

SAN FRANCISCO, June 3 -H. M. Rooner, who was exiled from Hawaii after the recent uprising, has made public his complaint to the United States. He says he is an American citizen, and a native of New York, but he resided in Hawaii since 1879, where he was successively chief overseer of a Speckles sugar plantation and business manager of The Daily Holomua, the royalist paper. He was arrested after the rebellion, though absolutely ignorant of the plans and purposes of the revolu-tionists. He claims he was kept in an unhealthy prison for thirty-two days, and given just enough to live on, finally being forced to consent to deportation in order to gain his liberty. He desires to return to the islands, and considers himself damaged to the extent of \$70,000.

Charged with Butler Harris' Murder. NEW YORK, June 3.-Charles Wasself. who claims to be an electrician, is under arrest in this city. Alexander Gunzburg, an agent for the New York Life Insurance company, believes Wasself to be implicated in the murder of Mr. Borden's butler, Harris, the colored man who was shot by two men in the hallway of his employer's residence on Fifty-sixth street on the afternoon of May 27. Gunzburg told the police a story regarding Wesself's actions on the day of the murder which the officers thought warranted the arrest of the accused man.

Wilmington Goes Democratic.

WILMINGTON, Del., June 23.-The Democrats elected their entire city ticket on Saturday, including mayor, city treasurer, city solicitor and president of city council. In addition they elected councilmen in seven of the twelve wards. That gives them a majority of three in council. The Republicans now have a majority of three. The majority for Charles R. A Convict's Snicide,

TRENTON, June 3 -Frederick Henschler, a convict in the New Jersev state prison, committed suicide yesterday afternoon by hanging himself in his cell. The rope with which he committed the deed was stolen by him from one of the shops. Henschler, was formerly a butcher in Camden, and was undergoing a three years' sentence for burglary, which would have terminated in a few weeks.

Minister Ransom Homeward Bound. WASHINGTON, June 3.-Hon. Matt W. Rausom, the United States minister to Mexico, who is now reported to be on his way to his home in North Carlina, has been granted leave of absence for sixty days. The minister has not been enjoying good health during his stay in Mexico. and his visit to the United States is taken on the advice of his physician.

DROWNED AT ATLANTIC CITY.

A Young Man Arrested on a Charge of Criminal Negligence.

ATLANTIC CITY, June 3. - The first drowning accident on the bathing grounds for over a year occurred yesterday afternoon at the foot of Illinois avenue. Charles R. Thompson, of Cleveland, O., and Miss Jennie Grogle, aged 21 years, of Ninth and Dickinson streets, Philadelphia, were in bathing together. Thompson took the young woman a dangerous distance our from the shore to give her swimming lessons. They were caught in a whirlpool, became separated, and very soon the girl sank beneath the waves, while several thousand persons on the boardwalk and beach looked on. Robert Brady, a brother of Bathhouse Keeper Joseph Brady, reached Thompson as he was sinking for the last time. It was a brave rescue and Brady is the hero of the hour.

Mrs. James Farley, a relative of Miss Grogle, lodged a complaint against Thompson last night, charging him with criminal negligence in having taken the unfortunate young woman too far out from shore. He was arrested and at the preliminary hearing said that his real name is Crawford, and that he is not an expert swimmer. He was held without

bail to await the result of the inquest. It is asserted by witnesses to the accident that it was the result of the recent building of a jetty at the point where the drowning occurred. The presence of the jetty has caused the waves to wash a deep bole in the sand at its outer end, making a precipitous "step off" of great depth in comparatively shallow water. A gentleman with two children narrowly escaped drowning in the same place during the morning hour, their rescue being effected only by the extraordinary and timely exertions of some bathers who were in the

The Treasury Deficit.

WASHINGTON, June 3. - Treasury officials are now confident that the close of the fiscal year, one month hence, will show a deficit of not more than \$14,000,000, and possibly not more than \$43,000.000, which is at least \$5,000.030 less than was predicted only a few weeks ago and \$3,000,000 or \$4,000.000 less than the present figures. It is shown that the pension payments during June will be at least \$2,500,000 tess than for May, and that the payments on account of interest will also be reduced \$1,500,000. Disbursements in every branch of the government are usually much heavier in July than in any other month, so that without the receipts are greatly increased the deficit on Aug. 1 next will not likely fall short of \$55,000,000 for the thirteen months.

The Salvation Army's New Home.

NEW YORK, June 3.-The ceremonies incident to the dedication of the new headquarters of the Salvation Army will be held today, tomorrow and Wednesday. The exercises will begin with a parade of the grand staff and field officers through the city this afternoon. At 4:30 p. m. a will be held at the new building 121 West Fourteenth street by the officers and troops. At 7.30 p. m. the grand demonstration will take place in the new auditorium. Memorial Hall, in the building. Commander and Mrs. Ballington Booth will review the troops.

Murdered His Young Wife,

ATLANTA, June 3 -Dr Louis Handy shot and killed his young wife Saturday evening. The tragedy occurred on the street near their home. Handy had been drinking, and his wite was trying to induce him to go with her to the home of his parents. Their little daughter was with them. He insisted on arguing the question, and stopped. Then suddenly he perked out a pistol and shot her in the face. As she fell he shot again, the second shot going through her heart. Handy made his escape, though the streets were crowded.

Fearing Another War with Chile. WASHINGTON, June 3.-Reports from the Argentine republic show that there is

a very active war party which is agitating the prospects of a war with Chile. The Argentine boundary commissioners have returned from Chile and report satisfactory progress, but the Argentine government seems to regard hostilities as possible and is taking every step of precaution.

Killed Bis Brother Through Jealousy. FORT WAYNE, Ind., June 3-E. R. Kerns, this county, has for some time been jealous of his two unmarried brothers, thinking they were too attentive to his handsome young wife. Yesterday the three brothers quareled, when the married brother stabbed Harry Kerns, inflicting a wound from the off its of which he died. The murderer is in jail.

Alleged Wife Murderer Captured.

Mr Holly, N. J., June 3 .- Samuel Burr, the alleged wife murderer, who has been at large ever since his fatal assault upon his wife while walking along the road between Tabernacie and Flyatt on Tuesday last, was captured in the woods near Brown's Mills by a posse and turned over to Constable Theodore Miller, of Indian Mills, and Frank Banks, of Pemberton. Burr was very much emaciated when discovered, and did not offer very much resistance. He had eaten but one meal since committing the crime, and that was obtained not very far from the spot where he was captured.

NUGGETS OF NEWS.

The recent rains in Colorado give promise of a large yield of small grain. William J. H. Ballard, United States consulat Hull, England, died yesterday. George Hancock was sentenced by Judge Hare, at Philadelphia, to two years imprisonment for bigamy.

ALTGELD VERY ANGRY.

Illinois' Governor Denounces the Supreme Court.

TRAMPLING THE PLOPLE'S RIGHTS.

The Governor Declares the Decision in the Debs Case Marks a Turning Point in Our History, for It Establishes "Government by Injunction."

SPRINGFIELD, Ills., June 3.-Governor John P. Altgeld is of the pelief that the United States supreme court has established a dangerous precedent in remanding Eugene V. Debs and his friends to jail. He expressed himself in a very caustic manner regarding the decision, accusing the court of trampling on the rights of the people and being the tool of mcnopoly. He gives his views for publica-tion in a signed article in which he says

"This decision marks a turning point in our history, for it establishes a new form of government never before heard of among men, that is government by injunction. The provisions of the constitution that no man shall be deprived of his liberty by a trial by an impartial jury is practically wiped out by this decision of the United States supreme court and the theory that ours was exclusively a government of law is now at an end, for every community is now subject to obey any whim or caprice which any federal judge may promulgate. And if federal judges can do this then it will not be long until state judges will follow their example.

For a number of years it has been remarked that the decisions of the United States courts were nearly always in favor of corporations. Then it was noticed that no man could be appointed to federal judgeship unless he was satisfactory to those interests. Forty years ago the slave power predominated; today it is capitalism. The American people crushed the slave power and saved our institutions.

Can they rescue them again? Capital sits in the White House and legislates in the Capitol. The courts of justice are its ministers and legislatures are its lackers. And the whole machinery of fashionable society is its handmaid. Never has there been so much patriotic talk as in the last twenty-five years, and never were there so many influences at work strangling republican institutions."

Killed Her Worthless Husband,

RICHMOND, Va., June 3 .- A dispatch from Fairfax C. H., Va., reports the murder there of John R. Harmon, aged 50 years, by his wife Mary Harmon, eight years younger. The murdered man is described as being a worthless fellow, who has been living apart from his wife for some time. Yesterday he called at the house and, talking through a window, asked her to again live with him, but she refused. He then attempted to get in the house through the window, when she picked up a gun and fired. Mrs. Harmon asserts that she did not know the gun was loaded, and took it only for the purpose of frightening her husband. She surrendered herself and was locked up. The woman has been supporting her eight children since her separation from her hus-

THE PRESBYTERIAN MODERATOR. Dr. Booth Has Preached the Orthodox Creed For Forty Years.

There are few more strictly orthodox clergymen in the Presbyterian denomination than the Rev. Dr Robert Russell Booth, who was recently chosen modereral assembly of the Northern Presbyterian church. He believes the Bible from beginning to end leaves politics for the politicians and sociology for the sociologists and devotes his entire energy to expounding the gospel, rure and simple. Dr Booth was born in New York city in 1530, and is the son of William A and Ahda Russell Booth He was graduated from Williams college in 1849, and from Auburn Theological seminary in 1852, and began his pastoral duties as colleague of the Rev. Dr. Beman of Troy, N. Y.

Three and a half years later he was called to the First Presbyterian church, Stamford, Coan., and remained there until 1861, when he returned to New York as pi-tor of the Mercer Street

ehnrch During his long pastorate his church was united with University Place church, and Dr Booth became pastor of combined § congregations. The labor of the important charge finally shattered his health, and

doctors declared that his voice would never again be heard in the pulpit When medical skell failed, a tonr of foreign mission fields and the untiring care of a devoted wife came to his rescue, and he finally returned to New York in greatly improved health.

The old Rutgers church to which he was called, was on the verge of total collapse The pastor had left it, the congregation had scattered, and a work begun back in 1796 when the church was one of three Presbyterian churches in New York seemed at an inglorious end. A master hand was needed to draw the church from its slough of despond, and Dr Booth's was the hand that did the work Owing to his tireless labors the congregation increased to gratifying proportions a magnificent new church was built much farther up town, and the dying institution speedily became one of the strong Presbyterian churches of the metropolis Dr. Booth is a determined opponent of Dr. Briggs and his teachings.

#### RODE ON AN AVALANCHE.

A Victoria Merchant's Perilous Adventure and Fortunate L-cape.

Heary Saunders, a prominent merhant of Victoria, B C, has just returned from Alberta, where he has been inspecting various gold quartz properries in which he is financially interested. On his homeward journey he decided to take a short out goross the mountains, the snow apparently offering a better road for walking than the trail

Some few miles were made safely and comfortably and then a soft spot was struck in which Saunders struggled to regain his foothold. At the same time a grant bowlder detached itself and went turnbling down to the canyon Released suddenly, the entire snow covered side of the mountain commenced to slide. Saunders saw nothing but immediate and awful death before him, and in desperation clung to the side of the avalanche which, gathering momentum as it progressed soon had developed express train speed and power to sweep down grant trees of centuries' growth as though they were matches. The trip of the avalanche and its in-

voluntary passenger was about four miles alrogether, and it was accomplished in less than a quarter of an hour. Saupders, at the foot of the mountain, found himself hurled into the Alberni river and against a subwater bowlder with such force as to partially stun him. He mechanically exerted himself to reach the nearest shore and did so Afterward, soon as his strength had in a measure returned he returned to Alberm in time to catch the stage for Nanaimo from which point he returned home.—San Francisco Examiner.

#### AN OSSIFIED BOY.

Peculiar Malady Resulting From a Bruise to the Feet.

Six years ago the 14 year old sen of John Trimble of Anderson Ind., became afflicted with a malady that grew out of a bruise on the feet. The flesh began to shrivel away, and ossification began to set in. This has been spreading ever since and went over his entire body with the exception of the head, which was the largest part of the lad, his whole weight at last being less than 25 pounds

A few days since he died, the ossification reaching a vital point and causing death. Few knew that such a case existed in this part of the state for he has been kept confined all of the time, and nothing was said of the case until death relieved him. All of the doctors in the locality have called on him and he was quite an enigma to them. The family i well known -Cincinnati Enquirer.

PENNSYLVANIA LEGISLATURE.

Opening of the Last Week of This Legis-

lative Session. HARRISBURG, June 3 .- The close of this week will see the close of the state legislature. The legislators have been working day and night the past two weeks, preparing for the final adjournment. In the house nearly all the appropriation bills have been passed. The house appropriation committee has cleared its calendar of house bills, and at its meeting today the senate measures will be taken up for final consideration. The legislators will get very little rest from now until the close of the session. The calendars are loaded with bills, many of which can never be reached. This is especially the case with the house. The senate is up with its work and has nothing to do but consider measures messaged to it from the lower branch of the legislature.

The Quay county bill will be called up in the house tomorrow for final passage. Senator Quay is anxious that the bill shall pass, and there seems to be no doubt but that it will go through by a comfortable majority.

The general appropriation bill will be passed finally this afternoon in the house. The bill has already gone through second reading, and is now in the appropriations committee to be perfected. There will be a flerce fight in the senate over the proposition to reduce the school appropriation \$1,000,000 for the next two years. It was intended to report the bill from the house committee with an item giving the schools #11,000,000, but this plan has been abandoned. The program is to attempt to scale down the appropriation in the senate and then send the bill to a conference com-

The Cochrane beer bill, taxing brewers twenty-four cents a barrel of thirty-one gallons for all malt liquors brewed in the state, will come up in the senate this week for final passage. There is much objection to the measure in its present form, and it will probably be amended so as to give the auditor general authority to appoint collectors to sell stamps to the brewers and enforce the law.

The religious garb bill will come up in the house this afternoon for concurrence in the senate amendment which places the penalty for violation of the proposed act upon the school directors employing teachers who wear any religious garb or insignia in the school room, and not upon the teachers themselves. The friends of the measure have no fault to find with the change, and the bill will go through with practically no opposition.

Two Men Lost at Sea.

NEW YORK, June 3 .- The French liner La Bourgoyne, which arrived here from Havre yesterday, reports the loss of two lives on the trip. On May 27 John Lawrence, a saloon passenger, fell into the ocean while attempting to reach his hat, which had blown overboard. The steamer stopped and a boat was lowered, but no trace of the man could be found. It is thought he was struck by the propeller and killed. Lawrence lived at Flushing, L. I., being the son of Walter A. Lawrence, a prominent stockbroker of this city, and was associated with his father in this city. On May 31 a scaman named August Guillard fell from the hurricane deck to the rail and then overboard. He was probably killed by the fall, as a search failed to reveal his body.

Warning to Sheep Growers.

DENVER, June 3 -The cattle growers of Eacle, Routte and Garfield counties in northwestern Colorado, at a joint meeting, have adopted resolutions positively forbidding the sheep owners from driving their sheep through that county. The cattlemen are well organized and determined, and there will be trouble if Mr. Jack Edwards, of Wyoming, persists in his purpose of driving his flock of 4,000 sheep south to the Rio Grande, instead of north to the Union Pacific.

The Apple Crop Not All Killed by Frost-The Summer Boarding Season -Trustees and Teachers at odds. Correspondence ARGUS and MERCURY.

-It looks at present as if the apple crop up this way would not be a total failure from the frost as many of the trees were not far enough advanced at the time for the fruit to be completely ruined. The hay crop will be badly injured from the effects of the frost uniess we should have better than the average grass weather for the next month.

-The summer boarder is coming up here in considerable numbers. Should the weather be warm these Midland counties will be filled as they never were before. Trains 5 and 6 on the new time table are a bonanza to the city business men who come up this way for an outing as they get them too and from their business at short notice.

-The school at Roscoe closed Friday. The attendance for the past two weeks has been very small owing to a disagreement between the teachers and trustees. When diphtheria broke out in the district, two weeks ago, the trustees made the proposition that as the term was so nearly ended the school close altogether. Some of the teachers would not hear to this and refused to stop unless they were paid for their time. As the school had been closed during the winter for two weeks on account of diphtheria the trustees thought the present demand of the teachers a very arbitary one and if they must be paid they must earn their wages. It is needless to say that the trustees are back-d up by a large majority of the texpayers and that the present teachers will mourn forever an occupation gone so far as teaching that school again is concerned.

THE PRESIDENT COMING TO MID-DLETOWN. The Sick May Receive Medical Services

Free of Charge. The President and members of the European and American Staff'of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middle. town, on

Tuesday, June 4th, one day only. The sick and afflicted may consult them without charge

during their stay.

If you are incurable they will tell you; therefore invalids must not take offence if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effeeted. These Doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to and at the command of this staff of doctors, it is reasonable to believe that in ninety eases out of every hundred a cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor can-not give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you auch advice as will tend to prolong life and afford you the greatest relief.

The doctor visits Middletown one day each month. Will be at 21 Broom street, Port Jervis, Wednesday, June 5th. Office hours from 10:30 a m. to 6 p. m.

MONDAY, JUNE 3, 1895,

The papers have been filled of late with accounts of fatal and serious accidents to bicyclists. Most of these accidents are doubtless due to the recklessness of the riders but their frequency suggests that bicycling is a more dangerous sport than its enthusiastic advocates would have the public believe.

According to the Signal Service reports Augusta, Ga., was the hottest place in the country, yesterday, with a temperature of 100 degrees. A score of places in the South and West reported 98 degrees and New Orleans, where the thermometer only touched 94, was one of the coolest cities east of the Rocky Mountains.

The fine performances of American trotters at Nice and Berlin have wou for them strong words of praise from the European press. It is conceded that we raise the finest trotting stock in the world, and there seems good reason for the hope entertained by some breeders that, as a result of the fine work of American trotters on European tracks, a demand may be created in Europe for high class trotting stock that will relieve the congestion of the local market and restore to the breeding business something of its old time prosperity

The Wyoming County Leader suggests the nomination, by the Democrats, for Secretary of State of Hon. Charles S. Cary, of Cattaraugus county, more commonly known as "Bosom Friend Cary," because of his long and intimate friendship with President Cleveland. Judge Cary's friendship for the President has led him in the past to make several sturdy fights within the party lines in behalf of Mr.Cleveland's ambitions and aspirations, but he has never wavered in his fidelity to the cause of Democracy, as represented in its regularly nominated candidates and, last year, was one of Senator Hill's staunchest supporters. With Judge Cary at the head of the State ticket, factional differences would be forgotten and all Democrats would give a hearty and united support to a Democrat who never faltered in the discharge of Democratic duty.

A QUIET SUNDAY AT MIDWAY.

An Attempt to Run the Roller Coaster Stopped by Cutting the Inclined Rail\* way Power Wire-Other Amusements Did Not Try to Run.

Yesterday was a very quiet day at Midway Park, but the crowd was none the less on that account, for the majority of people prefer to have it so. It is more de trable for a Sunday's outing for families than it free. would be if converted into a miniature Coney Island.

All of the owners of privileges at the park complied with the request of Capt. Rockwell to close their places, except the manager of the dust" for having it done. roller coaster, who started the cars as usual, and when requested by Capt. Rockwell to stop, refused to do so. They soon stopped, however, for the Captain cut the wire that supplied the power to the inclined rail-

Of course people would not walk up the hill and even if they had been willing to do sc. there was no way to get the coaster cars up the incline and business on the coaster, as well as the inclined road, stopped suddenly for the day and the managers, in their greed, lost many nickels which they would otherwise have received on the inclined railway.

It was the managers of the roller coaster that started everything going at the park on Sunday of last week, which aroused so much adverse criticism. The action of Capt. Rockwell in compelling them to do what they ought to have been willing to do when the Traction Company requested and public opinion demanded it, will meet with very general approval.

Middletown is too small a city to support such a place as some people would make of Midway Park, and while it is, the Traction Company will be wise if it caters to the orderly and law abiding element in the community.

UGLY JUNE WEATHER.

All Borts of Meteorotogical Disturb ances Predicted

Weather Prophet Hicks has arranged for an ugly June, For the earlier part of the month he has scheduled phenomenal rains, waterspouts, much hail, lightning, terriffic thunder, gales and tornadoes. When these have spent their evil energy the meteorological conditions are to agsume a more caloric nature; that is, there is to be extremely warm weather. The generation of electricity would naturally follow, so Mr. wonted electrical pyrotechnics.

How essential, then, are health and strength, and yet with how many women these are altogether lacking. They are tired all day and unable to sleep at night. In this condition the system will soon break down.

THE BEES WERE NOT ASLEEP,

A Newspaper Man's Unsuccessful Attempt to Brush Thern Into a Basket-Mr. Charles S. Mille, the versatile

writer and hustling news gathe er for the Times, knows more about honey bees than he did a few days

Saturday evening about dusk, Mr. Mills was at the house of his fatherin-law, Mr. George Smith, of John street, who, with Mrs. Smith, is spending a few days in Philadelphia. Mr. Mills noticed that a swarm of honey bees had left the hive and swarmed in a tree, apparently about to migrate.

Mr. Mills remembered that he had heard that honey bees when asleep do not sting. So he procured a basket and attempted to brush into it the bees. But he didn't catch those bees asleep. They showed their wrath and attacked him on all side?. He was stung in several places about the neck and face, but he persevered and finally bived the bees.

BOARD OF WATER COMMISSIONERS

Much Bu-luess of Importance Transacted at Saturday Night's Meeting-Report on the Houston Estate Claim -Can Be Settled for \$8,000-Smith & Ciney to Report on the Best Plan for Securing Additional Water Supply-Bu siness of Minorilmportance.

A regular meeting of the Board of Water Commissioners was held Saturday, June 1st., all members except Dr. Douglas being present. Superintendent Van Duzer was also

S. D. Horton, through E. S. Merrill, Esq , his attorney, presented a claim for \$85 for damages sustained, as he claims, by the overflowing offa meadow of his by the dam at the pumping station. The amount o' land overflowed was stated by the Superintendent as not exceeding

one and one-half acres, Peter Cummings was granted privilege to tap the water pipe on Monhagen avenue, such privilege to to be granted with the right of the Commissioners to discontinue the use of water at any time when in their judgment they may see fit.

The Clerk presented his bond in the sum f 35 000 with two sureties. and on motion the same was accepted and the President directed to approve the same.

It having come to the knowledge of the Board that sprinkling was being done at all hours, the Commissioners decided that the rule in regard to the hours of sprinkling should be enforced. This rule allows the use of hose two hours before 8 a. m. and two hours after 4 p. m., four hours in all. Those using hose should understand that the permit for the same only allows the sprinkling of the street in front of their own premises, and not in front of adjoining premises.

Mr. Fellows stated that Messrs. Smith & Olney had been employed to make surveys according to the resolution of the Board, and that they were at work now.

The Superintendent was instructed to report as to the use of water for soda fountains at the next meeting. A ball valve faucet was directed placed on the watering trough at Frankl n Square in the city, and also on the one owned by Mr. Jesse W. Canfield on Monhagen avenue.

Mr. Rogers from the Committee on the Houston claim presented the following report:

To the Board of Water Commissioners, City of Middletown, N. Y;

Your committee, who were appoin'ed to confer with the representatives of the estate of Robert H. Houston. concerning claim of latter for damages, would report as follows:

A conference was held on the evening of the 27th inst, at which were present Mr. D. D. Houston, Mr. Robert H. Houston, Henry W. Wiggins, Esq., representing estate of Bobert H. Houston; John L. Wiggins, Eeq. City Attorney, and your committ e. The claims of Mr. Houston's estate

are as follows: First-A claim of \$300 for water Second-A claim of \$5,000 for damages for diversion of water by building of Ogden canal, from date of building said canal to present time Third-A claim for damages (the

amount not state?) for diversion of water by building Monhagen Dam. A settlement of these claims would leave the matter of future damage to be brought up at some future time.

The claimants offer for a fixed sum a release to the city of Middletown from all claim for damages sustained in the past, to sell a release to the city of Middletown of all future right or use of the points in dispute and to give the city full and complete use of the brook at the pumping station at

all times and for all time. The amount demanded by claimants for said concessions, for past damages and for future use, is the sum of \$8,000.

All of which is respectfully submitted.

W. E. DOUGLAS, [BIGNED]

W. H ROGERS

Committee. Middletown, N. Y., May 28th, 1895 The report was accepted and order ed filed.

Mr. Fellows, as committee on the claim of Galen Otis for damages sustained by him on the old pipe line from the former pumping station, reported in favor of paying the claim and the same was brdered paid at

Mr. Fellows stated that Smith & Olney had taken soundings at the reservoirs and prepared a detailed table giving the capacity of the recervoirs, and have furnished maps of reservoirs, and from their report it appears the capacity of Monhagen Lake, when full, is 295,000,000 gallone, and of Highland Lake, 517,000 -

000 gailons. The Superintendent reported the standing of reservoirs as follows: May 28, 1895, Highland Lake eleven

feet ten inches. June 1st., Monhagen Lake twenty-

one feet five inches. On motion the tables and maps

presented were accepted. The Superintendent stated that he was still removing dead fish and would make another start for them on Monday. About twenty barrels have been taken from Highland

( rom Our Regular Correspondent) -The remains of Mr. B. M. Clark were brought to Goshen on train 1, this morning, from Newark, N. J. where he died on Saturday, aged ninety years. Mr. Clark was one of the old time residents of Goshen, having for more than forty years conducted a restaurant adjoining the Orange Hotel. He left Goshen about fifteen years ago and has since lived with his daughter near Newark. The funeral was held at 2 o'clock, this afternoon, in the Presbyterian Church,

-The new fire alarm whistle ere ted at the electric light works was tested, Saturday afternoon, and is a success. Hereafter there will be no excuse for the inhabitants of Goshen to sleep during the progress of a fire within the corporation limits. The village will be laid out in fire districts, with alarm boxes erected at convenient places, which will be connected with the whistle.

-M1. Chas. Rushforth, who for some time was employed as watch repairer in H. C. Payne's jewelry store in this village, and recently conducted a repair shop in Chester, died at Orange Farm, Saturday, of dropsy, aged about fifty five years.

-The race to come off at the Goshen Driving Park, on Thursday, June 20th, between Henry J. Miller's Ella Madison and C. E Ahrens' colt Gerhard, is attracting considerable attention among horsemen in this vicinity. All the arrangements for the event were completed Saturday. The purse is \$1 500.

-Mr. John Frank, who assisted the Goshen Cornet Band at the open air concerts in this village, last seasor, has been engaged for this season. The series of concerts will open in the church park at 7:15, Thursday night.

-At the Presbyterian Church, yesterday morning, Rev. B. B. Clark preached the annual White sermon. Taking as his subject "The Divini-ty of Christ," he delivered a brilliant

#### CHANDLER WROTE IT

THE OLD DOCTOR WANTED AN OR-DER RELEASING HIS SON.

The Secretary of the Navy and President Arthur Were Going Fishing and Didn't Want to Be Bothered, but Changed Their Minds When They Heard the Argument.

In the southern part of Orleans county lives a doctor who is known far and wide among the country folk, and whose fame extends likewise into cities far from his home.

The doctor is a gentleman of the old school, courteous, with a southern accent when he becomes excited, for he was born in Virginia. The worst thing that can be said about this doctor is that he is an extremely hard swearer. He swears a little when he is calm, but when he is excited his vocabulary of invectives is almost without a rival. Many stories are told about this famous old doctor, and this is one of them:

The doctor had a son, and all his affections seemed centered in him. Heresolved that this son should become a doctor, and that the father's mantle should fall upon the son's shoulders. But the boy disappointed him. When he grew up, he didn't wish to study medicine. He said he had no taste that way. No plane of life seemed to fit his ideals exactly. Ho tried this, and he tried that, and nothing satisfied him.

At last he decided he would go to West Point. The doctor yielded, and the son tried the preliminary examinations, passed them and was appointed a cadet. He tried the entrance examinations, passed them and at last became Fancy Print Butter, etc., at the a real cadet at West Point. Even the old doctor was proud and happy now.

But the son did not do as well as he had expected at West Point. He found that things military in reality were not as things military in ideality. He tried the January examinations and failed. His heart was broken. Like many another youth before him, he could never bear the disgrace by going home. So he made as large a fool of himself as he could and enlisted in the navy, at the Brooklyn navy yard. His father received notice of Mis son's rash act and said nothing. His heart was too full. But he threw a few necessities into his grip and that very night started for Brooklyn. There be found the admiral. He told him the story. He begged him to do something for him, but the admiral could do nothing. His heart seemed broken. Was there no hope? The admiral told him he could go to the secretary of the navy, state his case, and perhaps something might be done. He could promise nothing, but at least it might be tried. The old doctor clutched at this

anything he took the very first train for Washington. All these things happened during the first year of Arthur's administration, and, as every one knows, William E. Chandler was secretary of the navy. Arthur and Chandler were sportsmen, and whenever they had the chance they would set out on little fishing excursions of their own. Now, it happened that they were just ready to go forth upon one of these little jaunts when the old doctor arrived in Washington. He drove straight to the home of the secretary of the navy and found he was at the White

slight hope, and without waiting to eat

House, so to the White House went the doctor post baste. He inquired for Chandler and was told that he and the president were just starting for a fishing trip and could not be seen. "But I must see him, suh! It is very important, suh!" exclaimed the doctor.

He was using his soft southern accent now, for he was very excited. "But you can't, sir," said the serv-

"I can, suh, and I will, suh!" and with no more words he pushed the astonished servant out of his way and strode through the hall. "Where is the secretary of the navy, suh?" he asked the first person he met. "In that room, sir," said the man,

pointing.

The doctor rapped and walked in. There stood the president and the secretary, getting their things together.

"I am Dr. ——, and I've come to get my son back, suh!" said the doctor, and then he told the story of his son's mistake. The secretary looked at him and then at the president. "I'm sorry, sir," he said, "but you have come at the wrong time. We can't bother with such things now. We are going on a trip, President Arthur and I, and we do not like to be interrupted." Here he bowed

and stopped.

The old doctor drew himself up, looked down at him, for Mr. Chandler is not a large man. His old eyes fairly blazed. He seemed cheking. Suddenly he burst forth in a voice of passion: "Do you think that I am going to let my son stay in that ship, sub, to give you the chance to kill a few measly no account fish? Do you think I am going to break my heart so that you can have yoh pleasure? Look at me, suh! I have not eaten a thing since last night, suh! See the dust of travel upon my clo's! Do you think that I have traveled night and day, and now I am going to be put off because you are going fishing? Who are you, suh? You are my servant, suh! Who pays yoh salary? I do, suh! Who pays you rent? I do, suh! Who owns the boat you go off fishing in? I do, and now, when I come to ask you to get my son out of my navy, you have not time because you are going fishing! By ----, suh, if you don't get my son off that ship, old as I am, I'll thrash yoh haid right off yoh body!"

The old doctor stopped, breathless. His two hearers looked at him aghast. For a minute no word was spoken. At last President Arthur said "Chandler, I guess you'd better write that order."

Chandler wrote it, and a little later three men might have been seen engaged in discussing three bottles of claret. They were all smiling, but one of them had a look of great happiness on his grand old face. It was the old doctor. -Rochester Post-Express.

## From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

No DISEASE has ever presented so many peculiarities as LaGrippe. No discase leaves its victims so debilitated, useless,

sleepless, nerveless, as LaGrippe.

Mr. D. W. Hitton, state agent of the Mutual Life Insurance Co., of Kentucky, says:

"In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of nar-cotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.
When in this condition, I commenced using

Dr Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in ex-cellent health since and have recommended your remedies to many of my friends."

SERMONS IN THE PROGRAM.

Rev. Job Turner and His Work Among the Deaf and Dumb.

Shakespeare found sermons in stones, but Rev. Job Turner has them in his fingers. He cannot speak or hear a word, but he can preach with both hands and literally point out the straight and narrow way that leads to eternal life with his wonderful fingers. The Rev. Job Turner is 75 years of age, has been a deaf mute all his life and is one of the few ordained ministers of the gospel who are able to preach to the deaf and dumb. Mr. Turner is sent out by the Protestant Episcopal church, and his traveling expenses are paid by the church and those who desire to help him. He is now making a rour of the United States, and he not only preaches at the various institutions for the deaf and dumb, but in every city he looks up the unfortunates and does his evangelistic

work in some house or hall. Mr. Turner is a very plain sign talker, and even the children find no diffi-culty in closely following what he says.

He sometimes preaches for two hours and invariably holds the attention of his deaf and dumb audience to the end of his eloquent discourse. He was educated at the first deaf mute asylum in the United States, which was opened in Hartford, and has been teaching and preaching so long that he is a famous man in deaf and dumb circles. For 36 years he was an instructor in the deaf mute school in Staunton, Va., and for the past 25 years has devoted himself to missionary work among his fellow unfortunates.

"I can remember well," he says, that when I first got religion I found happiness at once. I am doing my best to put a little sunshine into the lives of those who cannot speak or hear, and since I have been an ordained minister I bave done missionary work in the United States, Mexico, Europe, Cuba, Newfoundland, Canada and many other countries. In almost every city I find deaf mute colonies, and these unfortunate people get very much interested, pay strict attention to the signs and are the easiest people in the world to convert."

Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea-the Mother's Friend

#### Castoria.

\*Castoria is an excellent medicine for chilfren. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not fer distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other burtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE. Conway, Ark.

#### Castoria.

"Castoria a so well adapted to children that I recommend a as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's depart ment have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

# It is Injurious To Stop Suddenly

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day be ore you took your first chew or smoke. An ironclad written guarantee to a solutely cure the tobacco habit in all its forms, or money refunded.

## We have Hundreds, we publish but few. Independence, Wis., Jan. 23, 1895. Eureka Chemical & Mfg. Co., LaCrosse, Wis. Gentlemen—Last summer I furnished Mr James Reid, of the town of Burnside, Trempealess Co., with three boyes of your "Baco-Cure"

Office of the Pioneer Press Co., C. W. Hornick, Supt. St. Paul, Minn., Sept. 7, 1894. Eureka Chemical & Mig. Co., La Crosse Wis. Dear Sirs—I have been a tobacco fiend for Dear Sirs—I have been a tobacco fiend for many years, and during the past two years lave smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Curc," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curu." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured, I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your B.co-Curo" simply wonderful, and can fully recommend it.

Yours very truly, C. W. Kornick.

Dear Sirs—I have used chewing tobacco very
extensively the past thirty years. I tried socalled "No-To-Bac" and other remedies, but
without success until I brught three boxes of
your "Baco-Cura." I continued chewing tobacco while taking the preparation and find
that the horrible craving for tobacco has left
me, and I consider myself cured. I can fully
recommend "Baco-Cure" to any person wishing to break themselves of the tobacco habit.

Gentlemen.—For forty years I used tobacco
in all its forms. For twenty-five years of that
time I was a great sufferer from general deblity and heart disease. For lifteen years I tried
to quit, but couldn't. I took various remedies,
among others "No-To-Bac," "The Indiar Tobacco Antidote." "Double Chloride of Gold,"
etc., etc., but none of them did me the least bit
of good. Finally, however. I purchased a box
of your "Baco-Curo" and it has entirely cured
me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains
of body and mind. I could write a quire of paper upon my changed feelings and condition.

I can hearthly recommend "Baco-Curo" to ail who are slaves to the eigarette habit or tobacto habit in any form, and are in search of a cure. I had become so under the influence of eigarettes. I could not remember anything; could not study, unless under the influence of the drug, which is death in the end, if kept up.

Cigarettes are sapping the lives out of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for eigarettes in me and save your young life. Restore yourself to manhood. You will feel as though you had escaped an awful doom, and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what was the matter with me, until informed by the agent. He told me what was the reason I could not do anything unless under the influence of the death-dealing poison found in cigarettes. I did not believe him at first, until he explained the action on the system. The boung ht the goods and thank God and all concerned. I am a sound person to-day. Hoping that thay reach the unfortunate eigarette water, I remain. Yours respectfully.

He had been riding on the rear platform of a Grand River avenue car for a mile or more and seemed to be studying the conductor's face all the time. At length he plucked up the courage to say:

"I don't know nothin 'bout 'lectric cars, and so am goin to ask. What does it mean when the boys say, 'Shoot that hat!' "I never heard of it in connection with an electric car," replied the conductor.

"Haven't, ch? Did you ever hear of a car talkin through the top of its hat?" "Never." "Don't they ever tell a 'lectric car to

cheese the racket?"

persisted the questioner.

"Good lands, no!" "Are there any flies on a 'lectric car?"

"There may be, but I doubt it. I guess you've got things pretty badly mixed up."

Denounced by Mayor Green, of Blugframton-The Commercial Travelers' Mome Boes Not Receive a Farthing of the Profits,

Evidence continues to accumulate ragainst the parties who worked the advertising chart scheme in this city and along the O. and W , a couple of weeks ago, with such great success. It will be remembered that the canwassers represented that the proceeds of the advertising were to go to the Commercial Travelers' Home at Binghamton and presented an endorsement from the U. and W. road. If was the letter from Mr. Anderson that made the scheme an easy one to work in Middletown at least.

After the parties had collected cover \$1,400 in this city and left a number of bills in a lawyer's hands for collection, word was received from Mr. Anderson that his office .had been imposed upon and his company misrepresented.

Saturday evening, Mayor Stans-bury received the following telegram from Mayor Green, of Binghamton, but like the information from Mr. Anderson it comes too late to help any but the very few of our merchants who had not yet paid for their advertising.

BINGHAMTON, N. Y. June 1.

Hon. W. K. Stansbury, Middletown:

Just learned that husiness men of your city have been swindled by means of a chart or poster advertising scheme, copyrighted by Frank Alexe, of New York, purporting to be in the interest of the Commercial Travelers' Home Association of America, of this city. The association of the commercial travelers of the city. tion has no connection, whatever, nor does it receive one farthing from the project. If the solicitors claim otherwise they should be arrested for obtaining money under false pre-

Please warn your citizens, investigate the circumstances and advise me.

Geo E. Green.

Rusticus, our Up Midland correspondent, sends us the following in reference to the matter:

Mr. Smith. Chief Clerk for General Passenger Agent J. O Andersor, of the O and W. says that that office was imposed upon by the man Howard, who canvassed Midddletown for advertising presumably in the interest of the Binghamton Travelers' Home. The O. and W. was willing to aid the Travelers' Home, but not at the expense of any body in Mid-dietown or anywhere else. "Show up this man and scheme all along the road or wherever the endorseament be got from this office through misrepresentation may in any way help him, says Mr. Smith."

THE NAPHTHA LIGHTING CONTRACT

#### Still Unsettled-The Company Says the City Must Pay \$22 Per Lamp.

A special session of the Common Council was called for Saturday night, to take action on the proposition for naphtha lamps, but as there were not two-thirds of the members present no action could be taken. and the matter was adjourned until the regular session Thursday evec-

The Naphtha Company, about three weeks age, offered to furnish the lights at the same price as last year -\$21 50 per lamp, but when the Council advertised for bids submit fed a bid of \$22 per lamp, an increase of fifty cents a lamp or \$83 per year.

The Council gave the company pwenty-four hours in which to submit a new and lower bid, but it is understood that no reduction will be made, and the Council must either may the increased rate or get light elsewhere.

It is claimed by the company that the recent sharp advance in the price of naphtha makes it necessary to inprease the price charged the city. The representative of the company claims that lights have been furnished on a very small margin, and that the increased cost of naphtha will impose a loss on the company un'ess A higher price per lamp is paid.

Correspondence ARGUS and MERCURY.

A pretty home wedding took place at Mr. and Mrs. Henry Taylor's at Dwaarkill, on Thursday, May 30th, at 2 p. m., when their youngest daughter, Miss Mary Eather, was united in marriage to Mr. Francis W. Goodgion, of New York city. The ceremony was performed by the L. v. E. O. Moffett, the bride's pastor, assisted by Rev. Joseph Dixon, the vastor of the Shawangunk Church, which the groom has been long connected. Mr. Goodgion is now a bookkeeper in New York. We congratulate him on winning so charming a bride and wish them bon voyage through life.

After a sumptuous repast the newly married couple left on the train for New York city, where the groom has apartments furnished and where they will immediately go to house-Reeping.

A Balance Not Yet Struck, Owing to Delays in Making Collections - The Hospital Managers Crateful Acknowl-

Owing to unavoidable delay in collecting, the editors of the Woman's Edition of the Argus are as yet unable to publish a statement of the amount realized by the publication of their paper. A substantial addition to the treasury of Thrall Hospital is anticipated, and the Board of Managers are unwilling to wait longer to express their gratitude and anpreciation for this assistance.

To the gentlemen who repesent the editorial staff of the Argus this acknowledgement is especially addressed. A most generous offer was followed by valued assistance in the weeks of preparation.

At great personal inconvenience they met all demands upon time and patience with unfailing tact, good humor and courtesy. A meritorious mention would fill columns, -only a knowledge of the value of newspaper space, resulting from late practical experience, restrains the willing pen in a well deserved euplogy of praise and most sincere thanks.

To Mr. B. Low and to VanDuzer & Smith, indebtedness is acknowledged, and thanks extended, for the use of offices and the loan of furniture for the same.

Mer's Anxiety Caused the Family and Friends of Thomas Reynolds by an Article in a New York Paper.

Nearly all Middletowners who read the Sunday World, yesterday, saw an item giving an account of the death from sunstroke in Newark. Saturday, of Thomas Reynolds, an employe of the Consolidated Traction Company in that city.

Most of the friends of Mr. Thomas Reynolds, of this city, knew that he was employed on that road and at once concluded that he was the Thomas Reynolds referred to in the

Mr. Reynold's wife resides with her parents, Mr. and Mrs. D. B. Bush, on Washington street, and she too, read the item, and while the addiess given was not that of her husband, she thought it possible he might have changed his boarding place, and her anxiety and suspense may be imagined. Her brother, however, sent a dispatch to Mr. Reynolds and the family were greatly relieved shortly afterwards by the receipt of an answer saying he was all right, as will also be the many friends of Mr. Reynolds when they learn that the unfortunate victim of the heat was another Thomas Reyn-

Miss Jessie Gloyn, aged forty-six years, died in the State Hospital, in this city, Friday, May 31st. Miss Gloyn with her mother came to this city about two years age, to visit a brother who is in the hospital, and who has been insane for twenty years. Miss Gloyn had been here but a short time when she also became insane and was taken to the hospital. The mother boarded at Madison House and while there was attacked with pneumonia, and was removed to Thrall Hospital, where she died about a year agc. Mrs. Gloyn was the recipient of an annuity from a wealthy family in England, said annuity ceasing, of course, at the Wheelmen's League forbid her death. It is said there is another memb r of the family who is insane.

Mrs. Gloyn and her daughter were members of the Episcopal Church, and, Rector Evans, who became interested in them, will see that Miss Gloyn receives a proper burial.

The First Ball Game of the Season-Easy Victory for the Columbias,

The first of the series of three games of base ball between the Columbias and the Ontarios for the championship of the city was played. Saturday afternoon, at the Hospital grounds, and resulted in an easy victory for the Columbias by a score of 22 to 10.

The Ontarios were first to bat and secured one run in their half of the first inning. The Columbias then started ir, the first six men making clean hits and earning five runs. Pour fielding by Ontarios and more good stick work swelled the total to eleven runs befor the third man was put out.

This lead proved too much for the North Enders, although at times they put up a good game of bail.

Bannigan and Agnew were in the points for the Columbias and did excallent work. They were strongly supported at second base by "Cuban | Did you see those we Giant" Miller, the crack colored player of this city. He played a wonderful game at second base and to his efforts the victory is largely

Bogil and Larkin did the twirling for Ontarios, while Jack Claffy was | 69c a pair? They are just the their backstop. Had the Ontario fielders given their pitcher the support the Columbia man received the score might have been different. Sergeant Geo. E. Wallace was the umpire and his decisions were accepted, with one or two exceptions, without serious objection. The score by innings:
